Critical Competencies for Infant/Toddler Educators

The world of infants and toddlers is amazing! No two days are the same because no two children are the same! Working with children who are less than three years old is fun, exhausting, fascinating and sometimes puzzling; it is also full of joy and laughter. An estimated 4.4 billion children under the age of 3 are in some form of child care each week; clearly quality infant-toddler programs are critical! You, as an educator, play a crucial role.

Child Care Choices is pleased to announce a partnership with Abilities Network to offer the 45 Hour Training Series, *Critical Competencies for Infant and Toddler Educators*, created by Zero to Three. This course takes participants on a learning journey through the ZERO TO THREE Critical Competencies for Infant-Toddler Educators model, which represents and defines the specific knowledge and practices that best support infants' and toddlers' development in three essential areas: social-emotional, cognitive, and language and literacy. It is designed for educators who work in home or center-based group settings with infants and/or toddlers. Each module is highly interactive and focused on practice, incorporating opportunities for each participant to reflect on as well as discussion of knowledge and experience. Each person will connect to new information, discuss ideas, strategies, and identify changes in practice to implement in their own program.

Registration is open for this Zero to Three training series, every Tuesday from February 2, 2021 through May 11, 2021.

Remember, Maryland Child Care Credential participants at level two or higher are eligible for a voucher to pay for the entire series.

See page 5 for more information on how to register.

This unique training opportunity will be offered virtually through the Zoom platform every Tuesday from February 2, 2021 through May 11, 2021 from 6:30-9:30pm. If you are participating in the Maryland Child Care Credential at level two or higher, you are eligible to apply for a voucher to pay for the entire series!

If you have any questions please call Fawn Turner at 410-751-2917 or email at fturner@fcmha.org.

LOCATE: Child Care Complaint Policy

Through the LOCATE service, parents share feedback with the LOCATE staff on the programs in the files: licensed child care centers, registered family child care providers and accredited preschools and camps. While this feedback is at times positive, it sometimes concerns complaints parents have about child caregivers. Of course, LOCATE and the Maryland Child Care Resource Network want to use this information in a way that is fair to providers and parents, while protecting children, as well.

Therefore, the LOCATE Complaint Policy was developed and has been in effect since its approval by the Maryland Committee for Children Board in November, 1983. According to this policy, all complaints made to LOCATE about child care providers/facilities are recorded. The type of complaint is then determined:

- Less Serious Complaint - No Violation: complaints which do not involve violations of child care regulations; complaints about situations which do not pose a threat to the safety, health or welfare of a child.
- Less Serious Complaint Involving Violation: complaints of any violation of Office of Child Care (OCC), Maryland State Department of Education (MSDE) regulations, and/or the Health Department which do not pose a threat to the health, safety or welfare of a child.
- Serious Complaint: any threat to the immediate health, safety, or welfare of a child.

When a parent calls LOCATE with a complaint, the referral specialist advises him/her to register the complaint directly with the appropriate regulatory agency and/or Protective Services. Names and telephone numbers of the person with whom the parent should speak are provided.

When a Serious Complaint is received concerning one of the providers of facilities in the LOCATE system, no referrals are made by the referral specialists to that provider/facility. The LOCATE Director also communicates with the appropriate regulatory agency personnel about the complaint, and maintains the "hold" on the provider/facility until the agency's disposition of the complaint is known. Should the investigation result in no action, the "hold" status is removed from that provider's/facility's records. Should the license or registration be revoked, the record is removed from the LOCATE files. Providers are advised of LOCATE's actions in writing.

A provider may appeal the LOCATE Director's decision to cease referrals. Appeals are first addressed to the LOCATE Advisory Committee. Final appeals may be made to the board of the Maryland Family Network.

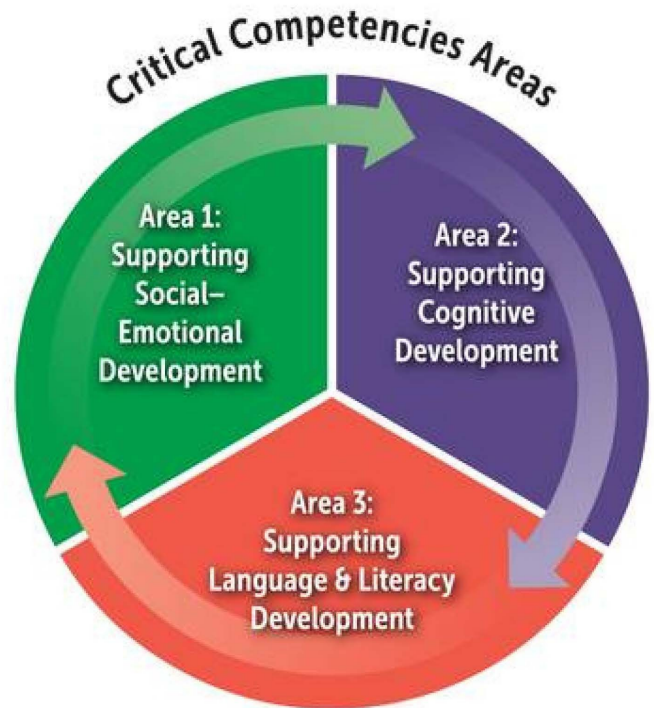

It is the position of LOCATE and MFN that the Complaint Policy is both fair and workable. Safeguards and due process are afforded to the care givers in the files, and parents' and children's rights to safety are addressed, as well.

Any questions on this policy should be addressed to FloJean Speck, LOCATE: Child Care at Maryland Family Network, 410-659-7701 x259 or fspeck@marylandfamilynetwork.org.

Language in the Multicultural Child Care Setting

This is a workshop from the Program for Infant/Toddler Care (PITC). Children's feelings of security and self-esteem are deeply embedded in a positive identification with their own family and culture of origin. A positive identification with their own family and culture in infants and toddlers is best supported when the child's primary caregiver shares the culture and language of the child's family. In this class, participants will explore the challenges of meeting the needs of infants and toddlers in a culturally and linguistically-diverse child care setting. Participants will examine their own caregiving practices and attitudes in relation to caring for children from homes where mainstream English is not spoken. **1.5 hours Community and 1.5 hours Professionalism.**
